INTRODUCING: COMPLETE RETAIL ENERGY

One Energy's subsidiary, OE Retail Services LLC, is a competitive retail electric service provider in the state of Ohio.

We are planning to expand our retail energy offerings in states with retail choice over the next few years.

Our retail service group will be directly supporting our current customers and will allow them to use One Energy as a single source for all their on-site and off-site electricity needs.

If you are an existing One Energy customer, ask us how we can help you with the rest of your energy needs.
